Duties and Responsibilities of the Job:

This position can be whatever schedule you choose. It can be an internship, part-time, based on your lifestyle. The amount of work you have depends on the amount of people you work with through a service contract agreement with your clients. MWO provides you with all the tools and networking to build your clientele. This work can be done at home.

Job Types: Part-time, Temporary, Internship, Contract

Some of the duties for this position may or may not include the following based on your work experience:

Provide and manage health education programs that help individuals, families, and their communities maximize and maintain healthy lifestyles. Collect and analyze data to identify community needs prior to planning, implementing, monitoring, and evaluating programs designed to encourage healthy lifestyles, policies, and environments. May serve as a resource to assist individuals, other healthcare workers, or the community, and may administer fiscal resources for health education programs. All healthcare practitioners and technical workers not listed separately.

- Collaborate with health specialists and civic groups to determine community health needs and the availability of services and to develop goals for meeting needs.
- Design and administer training programs for new employees and continuing education for existing employees.
- Design and conduct evaluations and diagnostic studies to assess the quality and performance of health education programs.
- Develop and maintain health education libraries to provide resources for staff and community agencies.
- Develop and maintain cooperative working relationships with agencies and organizations interested in public health care.
- Prepare and distribute health education materials, such as reports, bulletins, and visual aids, to address smoking, vaccines, and other public health concerns.
- Provide program information to the public by preparing and presenting press releases, conducting media campaigns, or maintaining program-related web sites.
- Supervise professional and technical staff in implementing health programs, objectives, and goals.
